Objective

I'm an enthusiastic and goal-driven IT student with a strong foundation in programming, networking, and problem-solving. To secure a web development internship where I can apply my skills in HTML, CSS, JavaScript, PHP, and MySQL to build and maintain responsive, user-friendly websites. I aim to contribute to real client projects while gaining hands-on experience in modern frameworks, debugging, and version control. My goal is to grow into a full-stack developer who delivers innovative, efficient, and accessible web solutions that add value to both the company and its clients.
